

DABASIA BUILDERS LTD

INTRODUCTION

Dabasia Builders is a leading Nairobi-based general contractor for single and multi-story buildings and rated among the Top construction Companies in Kenya.

Since conception the company has undertaken a number of residential and commercial projects in various parts of Kenya.

As Dabasia grew with the construction boom, there was a strong need to select a system that will be an investment for the next 15-20 years. SAP Business One from ACeTeK was selected ahead of other solutions like Dynamics and Evolution as it offered the best long term return on investment.

THE CHALLENGE

- ✓ Continue to promote rapidly accelerating business growth
- ✓ Increase process efficiency and, in turn, reduce risks

KEY BENEFITS

- ✓ Project-related Purchase, Warehouses and stock Management
- ✓ Up-to date project analysis
- ✓ Variable contracts and Sub-contractor Management
- ✓ Resource Utilization and Equipment Maintenance
- ✓ Project-related Budgets and Costs
- ✓ Exception reporting with Alerts and Approvals
- ✓ Flexible and scalable platform that can grow with the company

COMPANY KEY FACTS

Industry : Construction
Sector : Engineering and Construction
Previous Solution : Manual

“The biggest benefit is the ability to see operations from a different viewpoint. We can get a lot of information in a timely manner and take action instead of when it is too late.”

“The ACeTeK support team is very responsive and we have found that the organization as a whole is easy to deal with.”

Manish Dabasia – Director
