

STREAMLINED SOLUTIONS

thanks to SAP Business One and ACEteK

"SAP Business One has done wonders for us!"

Feroz Nawab – CEO of Chemoquip Limited

SAP BUSINESS ONE - EQUIPPING BUSINESSES WITH AUTOMATION

Chemoquip Limited is a leading supplier of high-quality laboratory equipment in East and Central Africa. When their operations became disorderly and their system outdated, Chemoquip turned to ACEteK to implement SAP Business One to automate their processes and improve their management.

Objectives

- Chemoquip's previous system was no longer up to standard that was required.
- Business processes were still manual, which were time consuming and created inaccuracies.
- Operations were disorderly.
- New ERP software was needed to improve control and speed up business operations.

Why SAP and ACEteK

- SAP Business One provided solutions to all Chemoquip's existing issues.
- ACEteK has a great team that addresses issues quickly and effectively even after implementation.

Benefits

- Since implementation, all processes are now automated, saving valuable time.
- Accurate reports can be created at the click of a button.
- Data and operations are more organized across all departments.
- Inventory control is better with less discrepancies.
- Sales reports have improved.
- Alerts bring greater awareness to what is going on before any issues arise.
- Chemoquip has saved a lot of time and energy thanks to SAP Business One.
