

ERADICATING ERRORS
thanks to SAP Business One

“SAP Business One: save time, save money.”
Vinod Rao – General Manager of Italian Gelati

SCOOPING MORE TIME AND MONEY BACK INTO BUSINESS WITH SAP BUSINESS ONE

Producers of authentic Italian ice cream and yoghurt, Italian Gelati, implemented SAP Business One with ACeTeK's help to automate their business and remove errors. Now management can make decisions that save time, money and energy.

Objectives

- Italian Gelati's previous system was manual, which was cumbersome and slow.
- New software was required that could automate processes to save time and money.

Why SAP and ACeTeK

- Italian Gelati was aware of the advantages that SAP Business One provided and could see it was the right solution for them.
- ACeTeK made implementation seamless and always solved everything thrown their way quickly.

Benefits

- SAP Business One now provides Italian Gelati with more advanced abilities.
- All data entry errors and recon problems have been solved.
- Invoicing has been streamlined, removing repetitive data entry and human errors.
- Pricing products is easier thanks to product analysis.
- Real-time sales analysis and historical data help with making decisions.
- SAP Business One provides space for growth.
