**WORK LIFE MADE EASIER**

thanks to SAP Business One and ACETeK

**KEEPING BUSINESS SWEET WITH SAP BUSINESS ONE**

Manufacturers of high quality and affordable confectionery, Mzuri Sweets turned to ACETeK to implement SAP Business One into their business. Now equipped with a fully-automated system, their issues are a thing of the past.

**Objectives**

- Mzuri Sweets previously used time-consuming spreadsheets and manual processes for reporting.
- New software was required that would increase automation and improve reporting capabilities so Mzuri Sweets could grow.

**Why SAP and ACETeK**

- SAP Business One met the automation and reporting requirements that would help consolidate all departments.
- SAP Business One was extremely user friendly, especially for departments that had never used a system before.
- ACETeK offered a superior, very supportive service and is always willing to help with customizations.

**Benefits**

- Mzuri Sweets' now has a fully-automated system that is accessible remotely thanks to the cloud.
- Management can action important decisions and approvals from any location.
- Analysis has improved and reports are more detailed.
- Mzuri Sweets is saving on costs across all departments.
- Reports can now be easily customized so management can spend more time analyzing data than compiling it.
